Dear Ladies/Sirs

The Academic Circle of Land Management, Agricultural Law and Environmental Protection Law and the Department of Agricultural, Food Law and Environmental Protection Law of the Faculty of Law and Administration of Adam Mickiewicz University in Poznań (UAM) would like to invite you to participate in the International Scientific and Training Conference entitled. ***"Current issues of agricultural law, real estate management and environmental protection"***.

The conference will be held on Thursday, 20 July 2023, via MS Teams.

We especially invite students, PhD candidates and legal trainees interested in the topics of agricultural law, real estate management and environmental protection, including animal protection, to present papers.

The organisers envisage 4 panels, including one English-language panel.

Proposed topics:

I panel Agricultural law

- agricultural property circulation
- easements in rural areas
- generation change in agriculture
- intellectual property in agriculture
- the impact of the pandemic and the war in Ukraine on agriculture
- the digitalisation of agriculture
- organic farming
- the Common Agricultural Policy of the European Union, particularly 2023-2027
- ecoschemes (e.g. areas with melliferous plants; carbon farming; integrated production plant)
- taxes in agriculture
- law on social insurance for farmers
- property insurance in agriculture
- agricultural producers' associations
- legal aspects of livestock farming
- contracts in agriculture

II panel Real estate management

- legal issues related to the borders of real estate, including demarcation, resumption of borders
- management of real estate owned by the State Treasury and owned by a local government unit
- land consolidation and exchange
- adiacencka fee, planning charge
- acquisitive prescription of real estate
- digitisation of administration in the field of real estate management
- land and building registration
- land and building register
- the Apartment ownership act
- development agreement
- housing cooperatives
- subdivision of real estate, including agricultural property
- tax aspects related to real estate (e.g. real estate tax, tax on civil law transactions, personal income tax, VAT).

III panel Environmental protection

- environmental policy and programmes
- air protection
- water protection
- European Green Deal
- closed loop economy ("GOZ")
- renewable energy sources
- energy transition
- administrative fines
- livestock welfare
- protection of pets and farm animals
- permits, including integrated permits
- nature conservation - legal forms of nature protection (area and individual)
- European Ecological Network Natura 2000
- environmental proceedings with public participation - principles of participation, participation of environmental organisations

Panel IV, in English, addressed in particular to students and doctoral students from foreign centres, including those from Erasmus+. Topics related to agricultural law, real estate management, environmental protection.

Please submit topics and abstracts by 5 July via the link below:

https://docs.google.com/forms/d/e/1FAIpQLScyluNeGTfDI8vvb6XJ3s92MV1sPs6IBSKuJ5sCVMxbu2x7pA/viewform?usp=sf_link

Information on accepted abstracts will be provided by email by 10 July 2023.

Participation in the conference is free of charge. The conference will be conducted remotely without registration, through the link below.
